County Court for Bridges

Last week the county court was in session and spent most of the time preparing for new bridges that are needed in the county. They also ordered the prosecuting attorney to follow the prosecution of the cases against Jack Edwards and Pat Thrash to the appellate court.

P. C. Shoemaker was loaned \$585.00 with E. B. Welch and T. E. Prather as sureties.

The county engineer was ordered to make plans, specifications and estimates of the cost of bridges at the following places:

In Bee Branch, across west Bee Branch near residence of Peter Stephens.

Bowling Green, across branch in 17-53-19.

Bowling Green, across branch in 12-53-19.

Bowling Green, across branch between 36-54-19 and 153-9.

Brunswick, across Palmer Creek near residence of J. A. Haskins.

Chariton, across Dowie near residence of Frank Estill.

Clark, across branch near residence of J. H. Redding.

Clark, across branch near residence of J. H. Redding.

Clark, across branch near residence of James Glover.

Cockrell, across branch near residence of J. W. Cook.

Keytesville, across slough near residence of Thomas Tetlow.

Keytesville, across branch near residence of Chas. Herring.

Musselfork, two across branch on road from Musselfork to Eccles.

Musselfork, across road near residence of T. J. Clarkson.

Salt Creek, across South branch near residence of I. E. Seneker.

Salt Creek, across Hurricane branch near residence of P. P. Morris, Sr.

Salt Creek, across South branch near residence of Elbert DeWeese.

Triplett, across branch near residence of Simon Bittiker.

Triplett, across branch near residence of J. Heisel.

Yellow Creek, across branch near residence of F. C. Pryde.

Yellow Creek, across branch near residence of Wm. McGehee.

Salisbury, across Muncas Creek near residence of Jack Tillerson.

Salisbury, repair the Medley bridge.

Court adjourned to Wednesday July 7th.

Ras Butler Out

The Governor paroled Ras Butler, the negro who was sentenced to 99 years in the pen for killing his paramour in this county about 14 years ago. Ras was paroled to Robt. P. Hubbard who has every confidence that the black man who enjoyed the reputation of being one of the most faithful servants among the negroes in the county at the time he got into trouble will appreciate his liberty and behave himself hereafter.

Ras shot his dusky partner between the eyes and put out her light for some reason known only to them, despite the testimony on which Ras was convicted, but there are many who were acquainted with the darkey who believed as Ras contended, that it was purely an accident, and that he had no intention of killing the woman, that he simply meant to frighten her into behaving according to his views of what her conduct should be. Anyway, Ras is out of the walls which have been his boundary for 14 years and it is up to him to get busy being a respectable, respectful, honest and faithful man as much in justice to his white friend who stands sponsor for him as for his own future range of vision.

The Merry-go Goes

There were at least a few regretful sentiments on the part of the kids of the town when they discovered that the merry-go-round was packing up to move, Thursday night. Friday morning they were on their way to some other location after being here nearly a month. They came for the 17th of June but were not allowed to run the swing all day and fell short of their expectations. They remained here for the Fourth and ran the swing now and then when there seemed to be a chance to pick a few stray jitneys. The merry-go remained, as it was, longer than profitable but a show of this kind is something that cannot be picked up and placed again in a spot that is reeking with money, every day. The machinery was hauled to Dalton where it furnished amusement, especially for Saturday, July 10th.

Children Cry FOR FLETCHER'S CASTORIA

New School at Dean Lake

Bonds for \$1000 for a new school house were voted at Dean Lake for district No. 83 last week at a special election. The sum with what money there is in the treasury will build a good modern building. The old structure was damaged recently by the wind and later was hit by lightning.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Testing For Diphtheria

In common use in a great many cities in this country and almost everywhere abroad among physicians, what is known as the Schick skin reaction test is being made for diphtheria. This test consists simply of injection of a small quantity of diphtheria toxin under the outer skin. If the person to whom the test is applied is immune from diphtheria, nothing happens, but if the one is liable to diphtheria, the toxin will cause a red spot about the size of a dime to appear where toxin was injected. Applied according to the standard way, there is not the slightest harm resulting from the toxin. While it has been definitely discovered that the great majority of people are immune to diphtheria, it is a fact that at times the dreaded disease almost depopulates communities either by death or exodus to escape it. Even the three-fourths of a community be immune, the mortality among the other fourth is frightful. Perhaps nothing is feared more than this choking monster among school children, and the discovery by Schick of the test relieves apprehension and attention to the greater number. None who have shown by the test to be immune need be looked after or segregated. In the immune there is an antibody which kills the diphtheria germs as fast as they attack.

The discovery of this means has inspired activity for tests for other diseases. Tuberculosis reaction is an old test but so far unsatisfactory, but gives evidence of the presence of tubercular germs rather than immunity from them. The discovery of a skin test for typhoid has been announced and we will soon know from the profession what it amounts to. Vaccination for typhoid has proved eminently successful, but the efficacy varies, it is said, in different individuals.

All such advancement in the discovery of the liability of individuals to disease is much better than providing a cure, for if the individual liable to it is known, vaccination or removing from the zone of infection will enhance the fight against the spread of disease much more than medicine.

Shall We Have Farmers' Course

There are thirty short courses to be given by the university this fall and winter. These are five days each and are to be given in order of "first come, first serve". The university sends out capable men to help untangle the points that perplex the farmers of the community. This county may have one if it gets into the game early enough. The university furnishes the men and the people who are sponsor for the courses of lectures pay the traveling expenses and the hotel bills. These five-day courses have been given in the state for the past five years.

Much Worse

Judge Herring Dissented

At the close of the session of the county court last week it was decided that the county court would have drawn up by John D. Taylor a statement of the alleged facts regarding the finding of the auditor with respect to the accounts which the auditor recommended as being due and collectible by the state and county against former officers. The prosecuting attorney wanted the recommendations of the auditor to be accepted and a movement made to proceed as soon as reasonable to collect the money due by court procedure if necessary. Judge Herring agreed with the prosecuting attorney and held that the results of the audit were sufficient upon which to predicate a movement to collect without going back to the attorney general. Members Hamilton and Hughes agreed with Taylor and agreed to the drawing up of the facts and sending them to the attorney general for his decision. In his argument, Prosecutor McKittrick stated that he considered the judge of the circuit court here, Judge Lamb as fully equal to passing on the law of the cases without going back to the attorney general for counsel.

Drs. Fetzer & Williams Dates

Dr. L. Fetzer and Dr. Williams, osteopaths, will divide his time between Keytesville and Dalton as follows: In Dalton Tuesday, Thursday and Saturday, Phone 30; In Keytesville, all day, Monday, Wednesday and Friday and every day after 5 p. m. at Brown Hotel, Phone 15.

GIVING OUT

The Struggle Discourages Many a Citizen of Keytesville.

Around all day with an aching back, Can't rest at night; Enough to make any one "give up." Doan's Kidney Pills are helping thousands.

They are for kidney backache; And other kidney ills.

Here is convincing proof of their merit:

F. M. Bean, hardware salesman, Third St., Salisbury, Mo., says: "About two years ago my back was in such bad condition that I could hardly get around. Acute pains darted through my kidneys and caused me much suffering. I used four boxes of Doan's Kidney Pills, and they fixed me up in good shape. Several months later, I felt a return of the trouble, I again took Doan's Kidney Pills and they soon gave me relief. The benefit I got at that time has been lasting and I haven't had any need of a kidney medicine since. You may continue to publish the endorsement I gave Doan's Kidney Pills some time ago."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bean had. Foster-Milburn, Co., Props., Buffalo, N. Y.

OLD FOLKS FIND NEW REMEDY RELIEVES . ALL KIDNEY AND BLADDER MISERIES

Drives Rheumatic Pains Away,
Relieves Backache and Bladder Disorders After A Few Doses Are Taken

Sleep disturbing bladder weaknesses, backache, rheumatism, and the many other kindred ailments which so commonly come with declining years, need no longer be a source of dread and misery to those who are past the middle age of life.

The new discovery, Croxone, overcomes all such disorders because it removes the very cause of the trouble. It soaks right into the kidneys, through the walls and linings; cleans out the little filtering glands and cells, and gives the kidneys new strength to do their work properly. It neutralizes and dissolves the poisonous uric acid substances that lodge in the joints and muscles, causing rheumatism; and makes the kidneys filter and sift out all the poisonous waste matter

from the blood and drive it out of the system.

It matters not how old you are or how long you have suffered, Croxone is so prepared that it is practically impossible to take it into the human system without results. You will find it different from all other remedies. There is nothing else on earth like it. It starts to work immediately and more than a few doses are seldom required to relieve even the most chronic, obstinate cases.

It is the most wonderful remedy ever made for restoring the lifeless organs to health and strength and ridding the system of every particle of uric acid, and you can take it with the utmost confidence that nothing on earth will so quickly cure such conditions.

You can obtain an original package of Croxone at trifling cost from any first-class druggist. All druggists are authorized to personally return the purchase price if Croxone should fail in a single case.

Fine to be a Farmer

William Allen White gets it off partly thusly:

"O its grand to be a farmer and poke 'round in an ark; To fare forth to feed the chickens in a stanch seaworthy bark;

O its fine to be a farmer And grow goosewebs on your feet,

And to buckle on your armor And swim out to cut the wheat.

O the mermaids in the kafir And the seacows in the deil. All the joys that make a salve for

What would otherwise be hell, And now the deluge broken, lets be joyful in our gains,

Lets kyoodle, whoop and holler for these million dollar rains."

A. L. Gibson

A. L. Gibson, one of the old residents of the county, died at the home of his daughter, Mrs. John Schmaltz, northeast of Brunswick July 2 of heart trouble. He was 74 years of age. He was a veteran of the Civil war fighting for the side of the Union in the famous Iron Brigade, the 19th Indiana. He is survived by four children; S. A. Gibson, Boyce, La., A. C. Gibson, Burden Kan., Mrs. John Schmaltz and W. J. Gibson of Brunswick. Funeral services were held Sunday in charge of Rev. Bowles and the interment was in the Elliott cemetery.

Willis A. Meyer

Willis A. Meyer died at his home two miles from Brunswick Monday July 5. He was stacking hay when he fell backward and died a few moments later of heart trouble. He was 58 years of age and is survived by his widow whose maiden name was Rosine Mortimeyer and two children, Conway Meyer and Mrs. Williams who both reside in the Brunswick neighborhood. He had resided in Brunswick vicinity all his life and was laid to rest in the Lower cemetery after the services of burial in charge of Rev. Walther.

Kreider—Curts

The marriage of Chester Kreider and Miss Ethel Curts occurred at Mendon the evening of Saturday, July 3, Rev. Innes of the M. E. church in charge of the service at the parsonage. They are living at Kansas City where the groom secured employment.
